

Presenting a series of **FREE CONCUSSION SERVICES WORKSHOPS:**

**WHEN SYMPTOMS OF SINGLE AND MULTIPLE
CONCUSSION PERSIST:
AN EDUCATION AND SUPPORT WORKSHOP**

These multi-day workshops focus on education on concussion, including a review of current research on the short- and long-term effects of single and multiple concussions. We will also review strategies that may assist in the management of persistent post-concussive symptoms, followed by a question and answer period.
